

NO-FLOG™

flogging
spanners are a
thing of the past...

we have the revolutionary tool for the job.

No need to use a hammer or a flogging spanner again.

The No-Flog can be used to make-up or break-out connections up to 6¹/₈" AF, each tool covers two bolt sizes in one and is easily fitted and removed. The No-Flog is spark free and designed not to lock onto the application like traditional flogging spanners, saving you time and money.

Sizes from 1¹/₁₆" AF (27mm AF) up to 6¹/₈" AF (155mm AF)

Our No-Flog is Spark Free, easy to fit and remove.

Saving you time and money!
